EDUCATION

Manakula Vinayagar Institute of Technology

2022 – 2026

B. Tech in Information Technology - Grade Point Average (CGPA): 8.03

EXPERIENCE

Network Engineer Intern

June 2025 – Sept 2025

Tata Consultancy Services | On-site | Chennai

- Designed and developed a MITM Web Proxy Server using **Python** and **PyQt5** to monitor LAN traffic and enhance network visibility.
- Implemented **HTTP/HTTPS** monitoring capabilities that enabled administrators to efficiently grant or revoke web permissions, resulting in improved oversight and access management for N number users or systems in the **LAN**.
- Built a custom analytics dashboard to visualize network usage data stored in **MongoDB**, streamlining security auditing.

PROJECTS

Mini Network Attached Storage (NAS)

- Tech Stack: **Debian Linux, Samba, Raspberry Pi 3**.
- Designed a portable NAS system providing up to 5TB of storage for secure file sharing and media using **FTP and TCP**.
- Optimized Samba configuration on **Debian Linux** to ensure efficient data transfer speeds.

Automated GCP Infrastructure Deployment

- Tech Stack: **Ansible, Google Cloud Platform (GCP), YAML and Docker**
- Automated the provisioning of Virtual Private Clouds (VPC), subnets, and firewall rules using Ansible Galaxy and the google cloud collection.
- Reduced manual configuration time and ensured consistent security posture across cloud environments through Infrastructure as Code (IaC) principles.

CERTIFICATES

- Python Full-Stack**: Advanced Python with MongoDB (Ocean Academy) and 100 Days of Code **Udemy**
- Microsoft Certified**: Security, Compliance, and Identity Fundamentals (**SC-900**).
- Fortinet Network Security Associate**: NSE 1 Certification
- Cisco**: Introduction to Cybersecurity & Networking Basics.
- DevOps**: NetOps Foundations (LinkedIn Learning), Docker, GitHub Actions, **Google Cloud** Digital Leader

AWARDS AND ACHIEVEMENTS

- Research Excellence**: Secured 1st Prize in SCIMIT '25, 2nd Prize in TechXplore '25, and 3rd Prize in GenNext Vision '25 and Dr. Kalam Awards at Anna University presenting the "**Leg Disability Automation Assistance**" medical research project.
- Coding Competitions**: Won 1st and 2nd Prize in "Code Clash '24 and '25 by Ocean Academy and 2nd Prize in "Castilo'25 Hackathon".
- Academic Excellence**: "College Achievers Award" for outstanding academic performance and leadership.

TECHNOLOGIES

- Languages**: Python, Bash scripting
- Web & Frameworks**: HTML, CSS, Bootstrap, JavaScript, Django, REST API, PyQt5
- DevOps & Cloud**: Google Cloud Platform, Ansible, Docker, GitHub Actions
- Security Tools/Libraries**: Wireshark, Netmiko, MITMProxy.
- Database & OS**: MongoDB, SQL, Windows, Ubuntu and Linux
- Core Concepts**: OOP, DSA, Computer Network
